

WELCOME TO PhD EDITS 2019 !

The 2019 PhD Colloquium on Ethically Driven Innovation and Technology for Society (PhD EDITS 2019) will be held at Amrita School of Engineering, Bangalore on 18 August 2019.

The colloquium is an initiative by a group of scholars from different institutions, mentored by experts, to accentuate the need for research outreach to a wider scientific community and to the society at large. This two-day program aims at bringing PhD scholars and subject experts in a unified forum. The forum provides scholars a unique opportunity to present their research findings and eco-innovative ideas on all aspects of Engineering & Technology in ICT related domains driven by ethics in research and sustainable development for society.

This is an IEEE approved event and technically supported by IEEE ComSoc, Bangalore. The presented papers will be submitted for possible publication into IEEE Xplore.

WHO SHOULD ATTEND ?

- Are you at any stage of research career or willing to pursue?
- Are you planning to do PhD and explore current research trends?
- Do you want to network with highly experienced industrial experts and academicians in your field?
- Would you like to validate your research ideas and results?

PhD EDITS is here to make your research journey **EASY**

- **E**xchange your ideas and initiate dialogues with enthusiastic scholars and mentors
- **A**dvance in your research journey
- **S**trengthen and shape your work from different perspectives as you progress
- **Y**ield new insights on related problem

Sponosors and Technical Co-sponsors
